

CATÁLOGO TRILOBITES

Este mes presentamos nuestro catálogo especial de Trilobites con más de 60 piezas disponibles.

Todos los Trilobites mostrados en este catálogo se han seleccionado uno a uno para conseguir un amplio catálogo únicamente de Trilobites de la formación Atchana (Marruecos).

Todas las piezas se han limpiado a mano con el mayor cuidado y la mayor profesionalidad. La limpieza se ha llevado a cabo con chorro de arena y punzón para conseguir los mayores acabados naturales posibles. Son necesarias muchas horas de trabajo para llegar a las mejores calidades tanto en la limpieza como en la restauración de algunas de las piezas más delicadas que se conforman en completar pequeños trozos faltantes o devolver un color natural perdido por la roca.

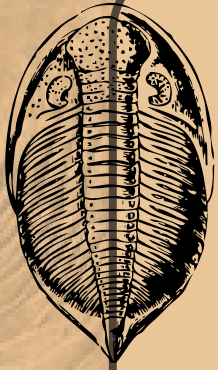

Este catálogo estará disponible a partir del 10 de Abril para reservas y envíos, solo estará disponible hasta el 15 de mayo.

Se reservan piezas.

Envíos a toda España y Unión Europea.

Envío Gratuito a partir de 100€ (solo España).
